

LEARNING LAB

Fostering an Active Learning Environment through Video and Debriefing

WHERE

Room 5A

WHEN

Tuesday, January 21st
3:30 - 4:30pm

Led by Mary Hoppe, RN BSN this session will cover how critical an intuitive Video Observation and Recording system is to unlock the learning potential of simulation debriefing sessions.

As a Nursing instructor, who leads the Healthcare Video Team at Intelligent Video Solutions, Mary will share her unique experience to help answer the AV challenges simulation professionals face when designing their active learning spaces.

Join us in Room 5A for the Learning Lab

You can find Room 5A in the upper level of the San Diego Conference Center (highlighted to the right).
